Rental Rates

Rental Equipment Physical Damage Waiver

Your current property insurance policy may not cover you for the loss of, or Damage to, the rented equipment itself while in your possession. In order to reduce your financial exposure we can include a physical damage waiver. A physical damage waiver IS NOT to be construed as an insurance coverage, but only a waiver of certain claims relative to the physical damage or loss of the machine. Purchasing a physical damage waiver does not excuse you from obtaining the required general liability, workers compensation or automobile liability coverage.

Charges for this waiver will be 12% of the TOTAL RENTAL RATE. The Deductible for any valid claim will be \$1000 per occurrence

IC Cushion	RATES		
	Day	Week	Month
